## Obama's Divided Nation

ama presides over a more divided country than any time in 50 years that was riven by racial lines gathering momentum in 2008 to elect its president. That president's four years dividing the nation on the basis of economic policy. The campaign revealed no evidence that Mr. Obama will close the chasm he has created between his voters and those he attacked and vilified.

It may be true that Mitt Romney failed to respond

# TWA announces the Atlantic River.

Changing the Atlantic from an ocean to a river means more than getting you to Europe fast on a jet. Europe is like it's never been before. They want you. U.S. credit cards are being accepted. Almost everyone's speaking English. Europe is ready. We know.

TWA is ready, too. If you've planned a vacation, we have more ways to get you there than you could believe. Group tours, non-group tours, special rates, and a Worldwide Jet Credit card that lets you charge your trip. We even have money-saving tips on shopping in Europe. It's all

designed to show you a great time and keep dollar expenses down.

Or, if you're traveling on business, you'll need fast information on accommodations. Conference arrangements. Inter-city connections. Car rentals. TWA will get it for you. We're the only airline in the world that flies from 39 major cities across the USA to major capitals in Europe.

If you're flying a U.S. airline to Europe this year, take the one that can do more for you. After all, for us, it's just across the river. Ask Mr. Information (your travel agent) or call TWA.

TWA, Dept. 232, P.O. Box 25
