

Population: Putting it all together

	Crude Birth Rate (CBR)	Crude Death Rate (CDR)	Natural Increase Rate (NIR)	Natural Doubling Time	Net Migration Rate	Growth Rate	Population in 2016	Overall Doubling Time
Country A 63,500,000	12	9			3			
<p>Does this population pyramid accurately represent this country? If not, please draw a correct one.</p> 			<p>Which stage of demographic transition is this country in? Explain why.</p>			<p>Explain what is going on epidemiologically in this country.</p>		
Country B 3,500,000	13	9			-1			
<p>Does this population pyramid accurately represent this country? If not, please draw a correct one.</p> 			<p>Which stage of demographic transition is this country in? Explain why.</p>			<p>Explain what is going on epidemiologically in this country.</p>		

	Crude Birth Rate (CBR)	Crude Death Rate (CDR)	Natural Increase Rate (NIR)	Natural Doubling Time	Net Migration Rate	Growth Rate	Population in 2016	Overall Doubling Time
Country C 32,500	9	8			8			
<p>Does this population pyramid accurately represent this country? If not, please draw a correct one.</p> 			<p>Which stage of demographic transition is this country in? Explain why.</p>			<p>Explain what is going on epidemiologically in this country.</p>		
	Crude Birth Rate (CBR)	Crude Death Rate (CDR)	Natural Increase Rate (NIR)	Natural Doubling Time	Net Migration Rate	Growth Rate	Population in 2016	Overall Doubling Time
Country D 102,000,000	24	6			-2			
<p>Does this population pyramid accurately represent this country? If not, please draw a correct one.</p> 			<p>Which stage of demographic transition is this country in? Explain why.</p>			<p>Explain what is going on epidemiologically in this country.</p>
